

June 4th, 2018

Dear customers,

Thank you for your utilising "CREACOMPO II cloud service for Enterprise".

We would like to inform you a release date of "CREACOMPO II Version 5 (hereinafter 'V5')" is on Sunday, June 17th, 2018.

Due to preparations of distributing 'V5' via the internet to "CREACOMPO II cloud service for Enterprise", it needs to suspend every service and application during the following period of time. We are sorry for your inconvenience.

1. About "Service suspension"

From 10:00 a.m. to 2:00 p.m. on Sunday, June 17th. 2018 (Japan time)

2. About the Release of 'V5'

(1) Time and date of the release: at 2:00 p.m. on Sunday, June 17th, 2018. (via the internet)

(2) Released version: 5.0.0.0

(3) Released application on "CREACOMPO II cloud service for Enterprise"

- PATTERN MAGIC II
- MARKER MAGIC II
- CREACOMPO II Torso cloud

*Please proceed for finishing the version-up as messages display when you start those applications after the above-mentioned release time.

3. Remarks after your version-up

If you send and/or receive data of "CREACOMPO II" with other users, please take care of the version of the data. In 'V5', a save-data-format in [Save File] is the latest version, 'Ver 5.00', as a default.

e.g.; If you send data which is made with 'V5' to other users who are using the old version;

- Please select [Save File] in [File] menu.
- Please select the old version (such as V4.0.0), [Save] the data, then send it.

4. Others

For users with Client-Server and/or Stand-Alone use, we will issue another notification soon.

If you have any further questions about this, please do not hesitate to contact [crea-info@toray-acs.co.jp].

We are sorry for your inconvenience during the suspension period on June 17th, 2018. Thank you for your kind understanding.

Yours Faithfully,

Toray Advanced Computer Solution, Inc.
